For credit card payment, fax completed registration form to Jessica Walgenbach, Meetings Dept., NRMCA, (301) 565-8200.

**ADDITIONAL EVENTS**

- **Tour of FIU Civil Engineering**
  - Bus trip to the FIU campus for a tour the FIU Wall of Wind hurricane testing lab and the Titan America Structures and Construction Testing Lab—May 11, 8:00 AM-12:00 PM.

- **Women in Concrete Forum**
  - Speakers and panel discussions on the role of women in the concrete industry and how gender diversity can help meet the challenge of concrete industry sustainability—May 11, 1:00-5:00 PM. Both women and men are welcome.

- **Walk for Sustainability**
  - RMC Research & Education Foundation Walk for Sustainability Charity Event—May 13, 6:00-7:00 AM. For more details and registration information visit www.rmc-foundation.org

Researchers, academics, students, engineers, architects, contractors, concrete producers, public works officials, material suppliers and concrete industry professionals are invited to attend the conference. Attendees receive up to 19 professional development hours (PDH’s), depending on the number of sessions attended.
Over 60 experts from all over the world will present the latest developments related to design, specifying, manufacturing, testing, construction, maintenance, and research of concrete as it relates to sustainability. Speakers include:

- Leslie Chapman-Henderson, President and CEO, FLASH, USA
- Kirsten Ritchie, Director of Sustainable Design, Geneser, USA
- Mark R. Woerner, Assistant Director for Planning, Miami-Dade County, USA
- Akis Papadopoulos, Founder, Resilience Action Fund, USA
- Natalie West Kharkongor, Associate Professor, IIM Shillong, India
- T. Reed Miller, Researcher, Concrete Sustainability Hub, MIT, USA
- Mostafa Batoul, Researcher, Florida International University, USA
- Michael Thomas, Professor, University of New Brunswick, Canada
- Claudiane Ouellet-Plamondo, École de Technologie Supérieure, Canada
- Jamie Mei, Director, Athena Sustainable Materials Institute, Canada
- Matthew Trussoni, Assistant Professor, University of Miami, USA
- Afzal Abdalqader, Researcher, Cambridge University, United Kingdom
- Cise Unluer, Researcher, Nanyang Technological University, Singapore
- Daniel Duque, Research Engineer, Argos, Colombia
- Francesca Yang, Structures and Sustainability Specialist, Arup, USA
- Xin Zhao, Researcher, Florida International University, USA
- Giorgio Ferrari, Researcher, Senior Researcher, Mapei, Italy
- Robin Tuludhar, Senior Lecturer, James Cook University, Australia
- Matthias Hargries, Research Scientist, Lafarge, France
- Ardavan Yazdanibash, Assistant Professor, College of New York, USA
- Dirk Kestner, Principal and Project Manager, Walter P Moore, USA
- Rafic Minkara, Researcher, Headwaters Resources, USA
- Sean Minahan, VP Tech. Dev., CarbonCure Technologies, Canada
- Tim Cost, Senior Technical Service Engineer, Holcim (US), Inc, USA
- Laurent Barcelo, R&D Program Manager, Lafarge, Canada
- Andres Nunez, Concrete Specialist, Argos, Colombia
- Larry Rowland, Mgr. Marketing & Technical Services, Lehigh, USA
- Napapol Tangtinthai, Researcher, Newcastle University, United Kingdom

For a complete list visit: [WWW.CONCRETESUSTAINABILITYCONFERENCE.ORG](http://WWW.CONCRETESUSTAINABILITYCONFERENCE.ORG)
Resilience Designing and specifying high performance applications in buildings and infrastructure, formites building codes and community initiatives focusing on disaster resistance and adaptive reuse.

Life Cycle Assessment Assessing carbon footprint, embodied energy and other environmental impacts for buildings, infrastructure, and concrete manufacturing including Environmental Product Declarations.

Low Impact Development Practices including pervious pavements and erosion control structures, urban heat island reduction, light colored pavements, green roofs and cool communities.

Social Responsibility Community action and engagement. Sustainability initiatives adopted by businesses, building owners, designers and manufacturers, including health and well being incentives and legislation.

TOPICS

Experts from all over the world will present on the latest developments related to designing, specifying, manufacturing, testing, construction, maintenance, and research of concrete as it relates to sustainable development.

Schedule

May 11

InterContinental Miami Hotel

8:00 am – 12:00 pm Tour of FIU Civil Engineering*
1:00 pm – 5:00 pm Women in Concrete Forum*
6:00 pm – 7:00 pm Reception

May 12

InterContinental Miami Hotel

8:00 am – 8:00 am Breakfast
8:00 am – 10:00 am Opening General Session
10:00 am – 10:30 am Break
10:30 am – 12:00 pm Concurrent Technical Sessions
12:00 pm – 12:30 pm Lunch and Speaker
1:30 pm – 3:00 pm Concurrent Technical Sessions
3:30 pm – 3:30 pm Break
3:30 pm – 5:00 pm Concurrent Technical Sessions
6:00 pm – 7:00 pm Reception

May 13

InterContinental Miami Hotel

8:00 am – 7:00 am RMCREF Walk for Sustainability
7:00 am – 8:00 am Breakfast
8:00 am – 10:00 am Concurrent Technical Sessions
10:00 am – 10:30 am Break
10:30 am – 12:00 pm Concurrent Technical Sessions
12:00 pm – 1:30 pm Lunch and Speaker
1:30 pm – 3:00 pm Concurrent Technical Sessions
3:30 pm – 3:30 pm Break
3:30 pm – 5:00 pm Closing General Session

Venue

INTERCONTINENTAL MIAMI HOTEL

Few Miami luxury hotels offer such style and grandeur. This contemporary hotel offers sophistication and world class service just 7.5 miles from Miami International Airport. With breathtaking views of Biscayne Bay, relax in richly appointed accommodations, or venture out to nearby South Beach, Coconut Grove and Coral Gables and explore white sand beaches, designer shops or vibrant Miami nightlife. Re- vive at mySpa or enjoy a cocktail at Toro Toro.
